**96 CHESTNUT AVE.**

**WATERBURY, CONNECTICUT**

**GARDENS ON HUNTINGDON AVE. WATERBURY**

STEVENS' GLADIOLUS have been successful again in the Shows this Season. At Boston won nine awards on nine entries, including the Challenge Trophy for points in the open Color Classes. At Hartford, six awards on six entries in open color classes also Best spike in the Show with Picardy, and Champion Vase of three spikes with F. J. McCoy.

For the past ten years our Glads have won at the largest Shows consistently, proof they are equal to any.

BULBS offered in this list are of the highest quality, carefully selected, and guaranteed true to name. Prices for bulbs in the list are for bulbs PREPAID.

**BULBS IN MIXTURES**—For those who do not care for the names of varieties and want them just for cut flowers, we can make up a mixture of all Named Varieties, using the colors you wish to predominate at \$3.00 and \$5.00 per 100.

The price differs according to the values of the varieties used in the mixture.

LARGE BULBS are 1½ inches or larger.

MEDIUM BULBS are ¾ to 1½ inches.

SMALL BULBS are ¼ to ¾ inches.

	100	3.25	2.50	1.75					

In these brief color descriptions, you will note that some have their faults, and I have mentioned them as they appeal to me. Varieties that are short and stubby or poor placement with me, might not be so in other gardens. However, each variety listed here is the result of careful study, and each and every one is well worth growing, either for exhibition or commercial; the ideal variety should be both.

Those interested in growing Bulblets of any of the varieties are requested to write for prices. Wholesale growers write for quantity prices.
